Hi Sarah,

Yes, when we spoke at the meeting last week you thought the last groundwater meeting was before 2015, so I thought you might not have the slides.

Thanks,

Hi Sarah,

Here is a pdf of the slides from the groundwater update community meeting from last year.

We brought out Steve Acree and I was a little disappointed at the lack of questions during that meeting. We actually received more groundwater questions at last week's meeting than we did last year.

Thanks,

David A. Seter, P.E.
